

## Scoring Rubric for ASA Project Competition

Project Title \_\_\_\_\_

**Scoring**

Question	Question is of interest, clearly stated, focused, and relevant 3	Question is of interest and is clearly stated 2	Question is clearly stated 1	Question is not clearly stated or easily discernible 0	
<b>Research Design and Data Collection</b>	Evidence of direct data collection by students.  Data, as collected, answer the question.  Data were collected in an appropriate manner 3	Evidence of direct data collection by students.  Data, as collected by the students, answer the question posed.  2	Evidence of direct data collection by students  1	Evidence of data collection  0	
<b>Analysis of Data and Conclusions</b>	Analysis of data is appropriate for the design.  Conclusions are consistent with the analysis 3	Analysis of data is strong, but not particularly well suited to the design.  Conclusions are fairly consistent with the design 2	Rudimentary analysis of data is present.  Conclusions are stated but not well supported by the analysis. 1	Analysis of data is not evident or is not appropriate to the design.  Conclusions are weak or not present 0	
<b>Reflection on Process</b>	Clear, holistic picture of the project. Includes suggestions for how the project could be improved and has ideas for further study.  3	Reflective thinking gives a good overall picture of the project (things that went right and the things that didn't go as expected). It shows evidence of critical thinking 2	Reflective thinking focuses on the positive aspects of the project only.  1	No evidence of reflective thinking.  0	
<b>Final Presentation</b>	Attractive, well-organized and prepared project.  Clear, carefully prepared graphs and tables. Original data collection is included. 3	Well-organized and presented project report.  Appropriate graphs and charges plus original data included. 2	Organizational planning is evident, but not fully developed.  Graphs and/or charts present but lack clarity or are not carefully prepared. 1	Lacks organizational integrity.  Graphs and charts present, but not carefully prepared. 0	
<b>Creativity/Originality</b> (0 to 3 points may be awarded as a bonus for this category. )	Extremely Creative/Original 3	Good Creativity/Originality 2	Some Creativity/Originality 1	Not Creative or Original 0
