

Conflicts of Interest

It is recommended that committee members not sponsor or contribute letters of support to Fellow nomination packages. A committee member must indicate "COI" as the rating for a nominee for whom either of the following conditions apply:

- The committee member sponsored or contributed a letter of support
- The committee member is the supervisor of or is supervised by the Fellows nominee

If either of the above conditions occurs, the committee member must leave the room during the Fellows Committee's discussion of that Fellow nominee.
