

Your Next Opportunity Is a Conversation Away

Pathways to Meaningful Professional Connection

LOCAL CHAPTERS

Connect with statisticians in your region through workshops, talks, and professional events. Student chapters provide entry points for early-career members.

ONLINE COMMUNITIES

Stay connected year-round through **ASA Connect discussion forums, LinkedIn groups, and social media channels**. Volunteer roles keep you engaged between conferences.

**YOUR
ASA
NETWORK**

SECTIONS AND INTEREST GROUPS

Find your statistical niche among **30 sections and 14 interest groups**. Join a committee, take on a leadership role, and collaborate with peers across specialties.

MEETINGS AND CONFERENCES

The Joint Statistical Meetings, International Conference on Health Policy Statistics, Symposium on Data Science and Statistics, Women in Statistics and Data Science Conference, ASA Biopharmaceutical Section Regulatory-Industry Statistics Workshop, and regional meetings offer **sessions, short courses, and networking socials designed for connection**.

Tips for Getting Started

Introduce yourself at every event or in every forum

Volunteer for a committee or interest group
