Statistical Partnerships Among Academe,Industry, and Government (SPAIG) Award Nomination Form

The SPAIG Award was established in 2002 to recognize outstanding partnerships between academe, industry, and government organizations, as well as to promote new partnerships among these organizations. The award is sponsored by the SPAIG committee of the ASA and distinct from other ASA awards in that it recognizes outstanding collaborations between organizations, while recognizing key individual contributors.

Deadline: March 1

Questions - email the SPAIG Committee Chair

(if applicable)

Please select at least two of the following three tracks within the cross-discipline partnership *

☐ Academic Organization

☐ Industry Organization

☐ Government Organization

For each track chosen please provide the following for the organization's key contact person.

Partnership details:

Start Date *

mm-dd-yyyy

End Date

mm-dd-yyyy

**Is this an ongoing partnership?** *

◯ Yes
◯ No

Origins: Clearly describe the key reasons and significant events that led to the formation of the partnership. Mention the key individuals who created the proposal and fostered its implementation. *

(up to 1,200 characters - including spaces)

Draft citation: Provide a brief summary and highlights of the partnership. This will appear in the Joint Statistical Meetings awards ceremony booklet should the partnership be chosen. *
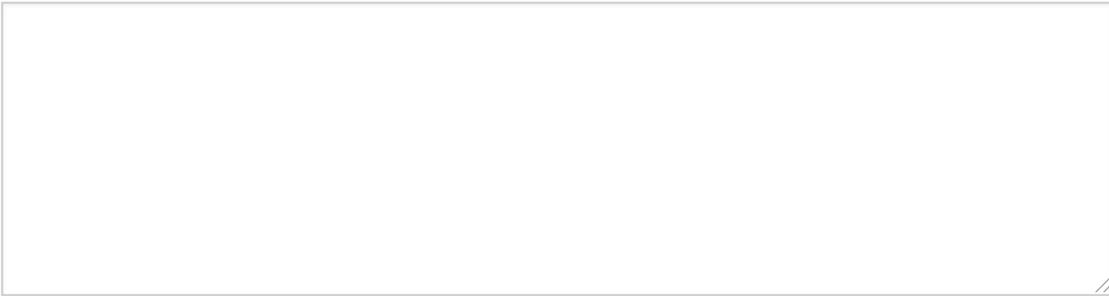

(up to 150 characters - including spaces)

Description: Clearly describe the events and relationships that have made this effort a partnership. Trace the evolution and growth of activities over the life of the partnership. Of particular interest, please describe any obstacles overcome and new plans that were made in light of activities not as successful as originally hoped. *****

(up to 2,400 characters - including spaces)

Specific benefits: Clearly describe the effects on individuals and operations that resulted because of the partnership. Define the important measures (i.e., quantifiable and non-quantifiable goals) and describe the benefits that resulted from the partnership. *****

(up to 2,400 characters - including spaces)

Key output and successes

Provide any supporting materials based on the collaboration as a single (preferable) .pdf file uploaded below. The choice, extent, and number of such materials are determined by the nominator or the nominated organizations.

Acceptable materials may include the following:

- Press Release
- Up to 5 news or media articles
- Up to 5 reference letters
- Key output and successes
- Up to 5 peer-reviewed publications

Supporting documents upload *****
