Join Us!

AMERICAN STATISTICAL ASSOCIATION
Promoting the Practice and Profession of Statistics®
Welcome!

Whether you recently joined or are still thinking about becoming a member, please explore all the opportunities to connect, collaborate, and both share and enhance your knowledge with statisticians and data scientists committed to the ASA mission of promoting the practice and profession of statistics. We offer you an active, engaged community of members just like you, so please get involved.

ASA sections and interest groups—within which you can interact with other ASA members in your specific area of interest—as well as local chapters (where you can meet with other ASA members in your geographic area) are great ways to engage in our statistical community. The ASA Community makes it easy to start diving in and learning about all the ASA has to offer, and there are meetups, seminars, and conferences throughout the year.

We look forward to hearing from you and seeing you at our ASA events!

Dionne L. Price
2023 ASA President
WE ARE
A DIVERSE GROUP OF
STATISTICIANS
STUDENTS
EDUCATORS
RESEARCHERS
DATA SCIENTISTS
FROM 90+
COUNTRIES WORLDWIDE

Claire Bowen
Lead Data Scientist
Urban Institute

Simone Gray
Senior Statistician
US Centers for Disease Control and Prevention

Glen Colopy
Data Scientist
Cenduit, an IQVIA Business

Maria Tackett
Assistant Professor of the Practice
Duke University
WHAT’S IMPORTANT TO YOU?
The ASA Has You Covered!

Your professional goals are our goals. The ASA empowers our members through:

- **Engagement** with our global community
- Valuable resources for continued **professional growth and influence**
- Exciting **opportunities for the next generation** of statisticians and data scientists
- **Advocacy** that raises the profile of statistics and data science nationally
Benefits of Membership

**PUBLICATIONS**
From our technical journals to our general-interest magazines to our guidelines for K–12 teachers, there is something for everyone with an interest in statistics.

**CAREER RESOURCES**
The ASA offers many avenues for advancing your career, including fellowships and grants; JobWeb, a job search tool; professional development opportunities such as courses, videos, and webinars; and awards and recognition.

**MEETINGS AND CONFERENCES**
The ASA offers a host of meetings and events for statisticians and data scientists around the United States throughout the year.

**ADVOCACY**
By connecting statisticians to policymakers, the ASA maintains a presence on Capitol Hill so statisticians and data scientists are at the table when important decisions are being made.

“The best thing about the ASA is it continues to grow and evolve as we, its members, adapt to meet the changing statistical needs of our times.”

- Jeri Mulrow, Westat
The ASA Community facilitates member-to-member collaboration and connection virtually! It is home to ASA Connect—our open membership forum—as well as online spaces for chapters, sections, and interest groups. While meetings are great opportunities to network and collaborate with other members, the ASA Community allows those connections to continue or form outside of face-to-face opportunities.

Looking for an answer to a discipline-specific question? Searching for book and resource recommendations? Need some career advice from others who have been in your shoes? The ASA Community groups are the place for you! Benefit from the knowledge of your fellow ASA members and pay it forward by helping others in return.
POPULAR COMMUNITY GROUPS
From sections to chapters to special interest groups, there’s a community to suit you. Check out some of our most popular groups!

ASA CONNECT
Our largest and most active community group, ASA Connect is open to all members and home to the widest range of conversations.
community.amstat.org/asaconnect

BIOPHARMACEUTICAL SECTION
The Biopharm community regularly tops the list of our most active community groups! Find discussions and information about upcoming meetings and webinars in this lively forum.
community.amstat.org/biopharm-group

STATISTICAL CONSULTING
Working as a consultant? Hoping to consult in the future? The Stats Consulting community group shares advice for members at all points in their careers.
community.amstat.org/consulting-group

YOUNG PROFESSIONALS
Our community for student and early-career members, the Young Professionals group features discussions about coursework and careers.

STATS + STORIES
https://statsandstories.net

30+ SECTIONS AND INTEREST GROUPS
Statistics is a diverse profession, so the ASA created sections and interest groups to provide benefits specific to members’ interests.
ww2.amstat.org/sections

70+ REGIONAL CHAPTERS
ASA chapters organize meetings and networking events, provide continuing education offerings, and engage in outreach to local schools.
ww2.amstat.org/chapters
Student chapters connect students with each other, as well as prominent statisticians and data scientists. They also open doors to leadership roles in the ASA and world of statistics overall.

www.amstat.org/student-chapters

The ASA DataFest is a celebration of data in which teams of undergraduates work to find meaning in and share a large, rich, and complex data set. Undergraduate students do the work, but are assisted by roving consultants who are graduate students, faculty, and industry professionals.

www.amstat.org/datafest

Apply for assistance from the ASA Student and Early Career Travel Fund to offset costs associated with attending ASA meetings and conferences. www.amstat.org/travelfund

Sign up to be mentored during a conference or career event. You can build a network of colleagues who will support you as you pursue your goals.

https://community.amstat.org/asamentoring/home

Students and early-career professionals form teams during the Leadership Challenge to address a given challenge and present the team’s solution to the ASA Board of Directors. Winners receive complimentary membership for three years and travel awards.

FURTHER YOUR CAREER
USE OUR PROFESSIONAL DEVELOPMENT TOOLS TO ADVANCE

PROFESSIONAL DEVELOPMENT
Professional Development (PD) is the process of improving and broadening the knowledge, skill, and personal qualities needed to be successful in the statistics and data science professions. The ASA offers courses, workshops, and web-based training. Look for webinars at www.amstat.org/pd.

ACCREDITATION
Accreditation provides a measure of assurance to employers, contractors, and collaborators of statisticians and a mark of accomplishment to society at large.

The ASA offers its members Professional Statistician (PStat®) and Graduate Statistician (GStat) accreditation.

www.amstat.org/accreditation

Forrest Williamson was the first member to earn a GStat accreditation back in 2013. He says:

“GStat allowed me to start the accreditation process early. It’s a great way for students and early-career statisticians to demonstrate their dedication to the statistics community.”

Today, he has full PStat® accreditation and is a senior research scientist at Eli Lilly and Company.

CAREER SERVICES
Career services are offered—in person or online—at many ASA conferences. Get your profile and résumé in front of top statistical employers from industry, government, and academia at most of our meetings.

ww2.amstat.org/careerservice
"Becoming involved with conferences has opened so many doors and created so many opportunities. It’s so important to do more than just attend presentations!"

- David Corliss
ADVOCACY & ACTION
PROMOTING THE PRACTICE AND PROFESSION OF STATISTICS

The ASA advances the statistics profession by connecting statisticians to policymakers and making policymakers aware of the expertise and skills statisticians and data scientists bring to the table. www.amstat.org/policy

AWARENESS
The Count on Stats public outreach campaign defends the federal statistical system by enhancing awareness of the importance, reliability, and trustworthiness of government data. countonstats.org

OUTREACH
The ASA raises public and media awareness of statisticians, data scientists, and statistical science’s contributions to society. ThisIsStatistics.org raises awareness of careers in statistics and promotes a better understanding of the field and the careers available to those who study statistics and data science.

POLICY
The ASA advocates widely on behalf of its members, with an emphasis on the National Institutes of Health and National Science Foundation budgets and the interests of the federal statistical agencies. ww2.amstat.org/policy

GET INVOLVED TODAY!
www.amstat.org/join
“The ASA has provided many opportunities within my own career, including the chance to develop skills beyond the role of traditional statistician.”

- Elizabeth Mannshardt, US Environmental Protection Agency

“My advice to young statisticians is to engage with the ASA early and often.”

- Sastry Pantula, California State University, San Bernardino

“My ASA journey began in 2013. Suddenly, I felt linked in with statistics students across the country, as well as with folks in ASA leadership.”

- Lucy D’Agostino McGowan, Wake Forest University

“Being part of the Biopharmaceutical Section and the ASA have been good for my career but, more importantly, it has led to many friendships and provided many opportunities to help the next generation of statisticians and data scientists.”

- Richard C. Zink, Lexitas Pharma Services, Inc.

“Conferences and other networking opportunities make it fun to reconnect with individuals I have met through the ASA or other professional networks. It is even more rewarding when professional networks coincide to strengthen and broaden connections.”

- Julia Sharp, Colorado State University
