

Welcome!

AMERICAN STATISTICAL ASSOCIATION  
Promoting the Practice and Profession of Statistics®

## ABOUT THE ASA

**Founded in Boston**  
in 1839, the American Statistical Association is the world's largest community of statisticians and data scientists, the "Big Tent for Statistics."

### Our Mission

Support excellence in the development, application, and dissemination of statistical science through:

- Meetings
- Publications
- Membership Services
- Education
- Accreditation
- Professional Development
- Advocacy

**JOIN TODAY!**

# Welcome!

Whether you recently joined or are still thinking about becoming a member, please explore all the opportunities to connect, collaborate, and both share and enhance your knowledge with statisticians and data scientists committed to the ASA mission of promoting the practice and profession of statistics. We offer you an active, engaged community of members just like you, so please get involved.

ASA sections and interest groups—within which you can interact with other ASA members in your specific area of interest—as well as local chapters (where you can meet with other ASA members in your geographic area) are great ways to engage in our statistical community. The ASA Community makes it easy to start diving in and learning about all the ASA has to offer, and there are meetups, seminars, and conferences throughout the year.

We look forward to hearing from you and seeing you at our ASA events!

# WHAT'S IMPORTANT TO YOU?

The ASA Has You Covered! ●

**Your professional goals are our goals. The ASA empowers our members through:**

- **Engagement** with our global community
- Valuable resources for continued **professional growth and influence**
- Exciting **opportunities for the next generation** of statisticians and data scientists
- **Advocacy** that raises the profile of statistics and data science nationally

# Benefits of Membership

## PUBLICATIONS

From our technical journals to our general-interest magazines to our guidelines for K–12 teachers, there is something for everyone with an interest in statistics.

## MEETINGS AND CONFERENCES

The ASA offers a host of meetings and events for statisticians and data scientists around the United States throughout the year.

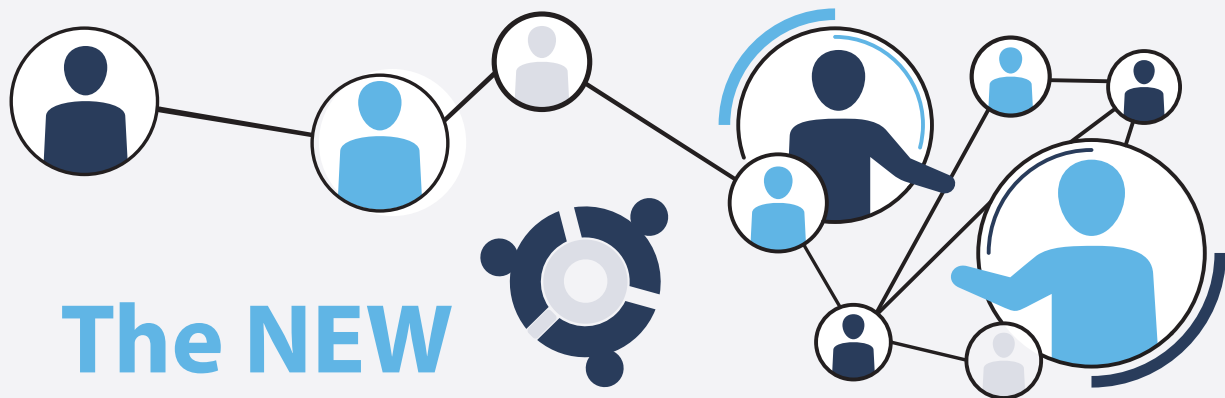

## CAREER RESOURCES

The ASA offers many avenues for advancing your career, including fellowships and grants; professional development opportunities such as courses, videos, and webinars; and awards and recognition.

## ADVOCACY

By connecting statisticians to policymakers, the ASA maintains a presence on Capitol Hill so statisticians and data scientists are at the table when important decisions are being made.

**The NEW**  
**ASA CAREER CONNECT**  
is here to support you on your career journey.

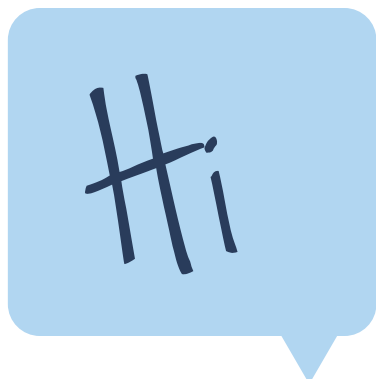

- Create a jobseeker profile to customize your experience
- Access top employers
- Take advantage of career resources
- Explore curated jobs in statistics and data science

# STUDENTS & NEW GRADUATES

THE ASA HAS RESOURCES TAILORED JUST TO YOU

Members of the Vanderbilt ASA Student Chapter.

**Student chapters** connect students with each other, as well as prominent statisticians and data scientists. They also open doors to leadership roles in the ASA and world of statistics overall. [www.amstat.org/student-chapters](http://www.amstat.org/student-chapters)

The **ASA DataFest** is a celebration of data in which teams of undergraduates work to find meaning in and share a large, rich, and complex data set. Undergraduate students do the work, but are assisted by roving consultants who are graduate students, faculty, and industry professionals. [www.amstat.org/datafest](http://www.amstat.org/datafest)

Apply for assistance from the **ASA Student and Early Career Travel Fund** to offset costs associated with attending ASA meetings and conferences. [www.amstat.org/travelfund](http://www.amstat.org/travelfund)

Sign up to **be mentored** during a conference or career event. You can build a network of colleagues who will support you as you pursue your goals. <https://community.amstat.org/asamentoring/home>

Check out **student and early career resources**, including information about websites; student membership; publications; communities; programs in statistics, biostatistics, and data science; internships and fellowships; and student awards and competitions. <https://bit.ly/3FbQszd>

# FURTHER YOUR CAREER

USE OUR PROFESSIONAL DEVELOPMENT TOOLS TO ADVANCE

## ACCREDITATION

Accreditation provides a measure of assurance to employers, contractors, and collaborators of statisticians and a mark of accomplishment to society at large.

The ASA offers its members Professional Statistician (PStat®) and Graduate Statistician (GStat) accreditation.

[www.amstat.org/accreditation](http://www.amstat.org/accreditation)

---

## CAREER SERVICES

Career services are offered—in person or online—at many ASA conferences. Get your profile and résumé in front of top statistical employers from industry, government, and academia at most of our meetings. Also check out the Career Connect website to explore curated jobs in statistics and data science.

[www2.amstat.org/careerservice](http://www2.amstat.org/careerservice)

## PROFESSIONAL DEVELOPMENT

Professional Development (PD) is the process of improving and broadening the knowledge, skill, and personal qualities needed to be successful in the statistics and data science professions.

The ASA offers courses, workshops, and web-based training. Look for webinars at

[www.amstat.org/pd](http://www.amstat.org/pd).

“The best thing about the ASA is it continues to grow and evolve as we, its members, adapt to meet the changing statistical needs of our times.”

– Jeri Mulrow, *Westat*

# ADVOCACY & ACTION

## PROMOTING THE PRACTICE AND PROFESSION OF STATISTICS

The ASA advances the statistics profession by connecting statisticians to policymakers and making policymakers aware of the expertise and skills statisticians and data scientists bring to the table. [www.amstat.org/policy-and-advocacy](http://www.amstat.org/policy-and-advocacy)

### AWARENESS

The Count on Stats public outreach campaign defends the federal statistical system by enhancing awareness of the importance, reliability, and trustworthiness of government data. [countonstats.org](http://countonstats.org)

### POLICY

The ASA advocates widely on behalf of its members, with an emphasis on the National Institutes of Health and National Science Foundation budgets and the interests of the federal statistical agencies. [www.amstat.org/policy-and-advocacy](http://www.amstat.org/policy-and-advocacy)

# Why ASA?

“

“Joining an organization like the ASA is a great first step, but one needs to become involved to get the most value from it—networking, leadership opportunities, training, mentoring, etc.”

– Wendy Martinez, *US Census Bureau*

“

“I have been able to meet fellow students from other universities, as well as early career and established career individuals from all three sectors, government, industry, and academia. And it’s been a really great opportunity. I am excited to learn from everyone.”

– Christina Zhou, *UNC-Chapel Hill*  
*PhD student*

”

“Through the ASA, I feel a sense of belonging and a sense that I am part of something bigger ... I am hooked!”

– Fanni Natanegara, *Eli Lilly and Company*

“

“Being part of the Biopharmaceutical Section and the ASA have been good for my career but, more importantly, it has led to many friendships and provided many opportunities to help the next generation of statisticians and data scientists.”

– Richard C. Zink, *JMP Statistical Discovery*

”

“My ASA journey has been incredibly enriching and continues to be, shaped by the serendipity of chance encounters and the deliberate choice to stay actively involved.”

– Amarjot Kaur, *Merck*
